### 2016 KCCS Blepharoplasty Live Workshop

#### Greetings Dear Members!

Eyes are often called "doors to the world". Having attractive and pretty eyes is everyone's dream since the dawn of human civilization regardless of historical epochs and ethnic groups. As a surgeon, it is a blessing to have the skills to make patients' dream come true. However, surgeons' skills are not always perfect when they do not have proper understanding of the ocular anatomy or full information of their patients. It is therefore important for aesthetic surgeons to have good clinical experiences. This workshop allows KCCS members to obtain essential clinical experience and answers to questions every cosmetic surgeon might have. Experts in the area will perform live surgeries and conduct lectures to share their precious knowledge with attendees. KCCS welcomes you to the 2016 Asian Eyelid Surgery Workshop, where you can fully utilize your time to learn some very useful skills on Asian blepharoplasty.

We look forward to seeing you in Seoul!

Scientific Chairman Woong-Chul Choi MD, PhD, FKCCS
