## 2017 KCCS Fresh Cadaver Facial Dissection Workshop in Ho Chi Minh City, Vietnam

### **Educational Hands-on Cadaver Workshop to Avoid Cosmetic Surgical Complication**

Greeting Dear Colleagues,

The Korean College of Cosmetic Surgery, in conjunction with Pham Ngoc Thach University of Medicine,, Kangnam Aesthetic Hospital and TACS, will host the 13th KCCS Fresh Cadaver Workshop for Facial Cosmetic Surgery at Pham Ngoc Thach University of Medicine, Ho Chi Minh City, Vietnam.

Aims of this Cadaver Workshop are to educate the workshop attendees about the intimate knowledge of the basic and surgical anatomy, and to practice cosmetic surgical procedures on fresh cadaver under the direct supervision of experienced cosmetic surgeons. Attendees can have hands-on practical training of cosmetic surgery on 'fresh cadaver' whose state is very similar to live human tissue.

Most of the speakers are cosmetic surgeons and are the fellows and professors of KCCS. All lecturers will devote their undivided attention to the enhancement of the attendees' anatomical knowledge and will guide attendees through common cosmetic surgical procedures as planned in the program.

This workshop will provide attendees a memorable hands-on experience on 'fresh cadaver' and able to observe live surgeries conducted by our experienced speakers who are experts in their own field.

We hope you can join us and have a great workshop together.

See you in Ho Chi Minh City!

President of KCCS
