2015 KCCS Whole Body Fresh Cadaver Dissection Workshop for Asian Cosmetic Surgery

Korea University Practical Anatomy Center, Seoul, Korea

5th ~ 7th June 2015

Title	2015 KCCS The 10th Asian Cadaver Dissection Workshop for Cosmetic Surgery
--------------	---

Greeting Dear Colleagues,

The Korean College of Cosmetic Surgery, in conjunction with Asian Society of Asian Cosmetic Surgery and Korea University will host the 10th KCCS Fresh Cadaver Workshop for Cosmetic Surgery at the Korea University Practical Anatomy Center/Research Institute in Seoul, South Korea.

Aims of this Cadaver Workshop are to educate the workshop attendees about the intimate knowledge of the basic and surgical anatomy, and to practice cosmetic surgical procedures on fresh cadaver under the direct supervision of experienced cosmetic surgeons. Attendees can have hands-on practical training of cosmetic surgery on 'fresh cadaver' whose state is very similar to live human tissue.

Most of the speakers are cosmetic surgeons and are the fellows and professors of KCCS. We will also invite two professors from China to share their experience on cosmetic surgery. All lecturers will devote their undivided attention to the enhancement of the attendees' anatomical knowledge and will guide attendees through common cosmetic surgical procedures as planned in the program.

This workshop will provide attendees a memorable hands-on experience on 'fresh cadaver' and able to observe live surgeries conducted by our experienced speakers who are experts in their own field during the post workshop program on Monday.

We hope you can join us and have a great workshop together.
