2016 KCCS Cadaver Workshop

Educational Hands-on Cadaver Workshop to Avoid Cosmetic Surgical Complication

1st ~3th April, 2016 Bangkok

Greeting Dear Colleagues,

The Korean College of Cosmetic Surgery, in conjunction with Chulalongkorn University in Thailand will host the 11th KCCS Fresh Cadaver Workshop for Cosmetic Surgery at Chula soft cadaver surgical training center of King Chulalongkorn Memorial Hospital.

Aims of this Cadaver Workshop are to educate the workshop attendees about the intimate knowledge of the basic and surgical anatomy, and to practice cosmetic surgical procedures on fresh cadaver under the direct supervision of experienced cosmetic surgeons. Attendees can have hands-on practical training of cosmetic surgery on 'fresh cadaver' whose state is very similar to live human tissue.

Most of the speakers are cosmetic surgeons and are the fellows and professors of KCCS. We will also invite two professors from China and one professor from Thailand to share their experience on cosmetic surgery. All lecturers will devote their undivided attention to the enhancement of the attendees' anatomical knowledge and will guide attendees through common cosmetic surgical procedures as planned in the program.

This workshop will provide attendees a memorable hands-on experience on 'fresh cadaver' and able to observe live surgeries conducted by our experienced speakers who are experts in their own field.

We hope you can join us and have a great workshop together.
