

2017

KCCS Fellowship Course 5

Date: September 15 -17, 2017

Venue: Yoonho Hospital, Seoul, Korea

Greetings!

As we know, the basic concept of cosmetic or aesthetic surgery is different from that of plastic surgery. This is because, although it has developed into one of the plastic surgery fields, it covers all of the surgery departments including ophthalmology, otolaryngology, dermatology, general surgery, orthostatic surgery, breast surgery, OBGY and so on. For this reason, this field is at its early stage where it should be established correctly as a specialty.

Moreover, doctors who try to start learning cosmetic surgery desperately need a systematic and reliable training program. But, unfortunately there is no place where they can get such programs in Asia. Now, two representative countries that have regular educational programs especially in the field of cosmetic surgery are United States (AACS) and Australia (ACCS). However, these programs are operated by general medical committees or societies like KCCS and not by the government organizations. On top of that, these two programs are not for Asians but for Westerners.

Hence, KCCS has launched an educational system for the fields of Asian cosmetic surgery since 2006. We started offering fellowship course in 2014 and this is the second year KCCS offering fellowship course to doctors who are interested to pursue their career in cosmetic surgery or to current cosmetic surgery practitioners who want to enhance their cosmetic surgery skills and knowledge.

Currently, our fellowship course members are from Hong Kong, Malaysia, Indonesia, Iran, Taiwan and Thailand. In the 5th course of the 2017 fellowship course, the professors of KCCS will be giving lectures and live demonstrations.

This will be a golden opportunity to enhance your cosmetic surgical knowledge and skills.

We hope you can join us and have a great experience with many brilliant

President of KCCS

Woong-Chul Choi MD, PhD & FKCCS

Founder of KCCS

Kyoung-Jin(Safi) Kang MD, PhD & FKCCS

PROGRAM

SEPTEMBER 15TH, 2017 (FRIDAY)

Time	Subject	Professor
Lecture 18:00~20:00		
18:00~19:00	Introduction of trans-sexual operation Penile augmentation	Jin-Hong KIM
