2017 KCCS Advanced & Revision Blepharoplasty Workshop

Greetings!

KCCS has been very active in providing quality education on Korean cosmetic surgery since the society was founded. Following enthusiastic participation of doctors in last year's workshop, we have decided to hold an advanced course in Busan in December again this year.

Interesting topics such as upper and lower blepharoplasty will be covered in this workshop. Participants will be able to attend lectures and observe live surgeries and video during the workshop. Complication of blepharoplasty will be discussed and ways to prevent them will also be covered.

Live surgery demonstration provides the chance for participants to take part in practical use of the blepharoplasty knowledge they have gained during the lectures. This workshop will be an informative workshop focused on the crucial knowledge on blepharoplasty.

We welcome doctors from different countries and region to join us in Busan.
