Korean College of Cosmetic Surgery & medicine

## 2019 Basic and intermediate Blepharoplasty workshop

Hello,

I am very glad to invite you to the 2019 KCCS Blepharoplasty Workshop in Seoul.

Although blepharoplasty, the most popular cosmetic surgery, is generally safe and satisfying, basically it is also kind of an invasive intervention and, in a certain amount, it is inevitable to cause harmful effects to the most specific sensory organ, the eye.

I have witnessed quite different concept of beauty and excessive management by plastic surgeons. However, as an oculoplastic surgeon, considering the function of eye as well as the beauty, I pursue natural change limiting dysfunction as much as possible.

With the 2019 KCCS Workshop, I would like to share my knowledge and experience with all of you on how to make natural but significant changes for AGING GRACEFULLY.

Thank you!

Sincerely,

11<sup>th</sup> Vice President of KSKCS and KCCS  
Juwan Park MD, PhD, FKCCS
